What Do We Offer?

Family Action Faversham Support provides support for families in Faversham and the surrounding areas. This includes:

- regular parent and toddler groups
- opportunities to play and learn
- emotional support and practical advice.

We deliver these activities in our centre or at other venues in the local area. We also work with health professionals, and in local schools, and we run a variety of support groups.

We provide a positive response to the various and changing needs of local families. Parents/carers and children help us to decide what these needs are, and the sort of services they would like.

So what would you like? We welcome your suggestions, so please let us know.

Activities For You

Our programme changes regularly in line with suggestions.

Currently we focus on activities for children aged between 0–13 years, and their parents/carers. We offer:

- a place to meet new people and make new friends
- parent and toddler group
- individual emotional, and practical support for parents and carers
- direct work with children, individually and in groups
- a range of groups for all members of the family
- seasonal activities for all the family
- opportunities for volunteering

Don't forget – call 01795 539910 to find out about our current programme.

How Can We Help You?

Our centre offers you and your family opportunities to take part in a variety of activities, to have fun and to seek support and assistance when you have difficulties.

Our activities change from time to time, so please ring for the current programme. If you have any skills you would like to share with us or the local community, or suggestions for future activities, then we would like to hear from you.

Our Commitment to You

We encourage families to discuss with us any concerns they may have. This includes housing, benefits, education, relationship and parenting issues. We will then do our best to help, and – with your permission – will involve other services where appropriate.

Any conversation you have with us will be confidential, and no information will be passed on to anyone else without getting your permission first. The only exception to that is where you or someone else is at risk.

We keep brief notes of our work with you as this helps us be clear about how we can best help. You are welcome to see these at any time.
