Adoption Support
Agency.**

Our Service

Our unique service provides a spectrum of creative as well as talking therapeutic interventions for children and young people aged between 5 and 18 who are experiencing trauma through abuse or neglect, domestic abuse or loss, or whose adoption is at risk of breakdown because of attachment difficulties.

Our Staff

We have a pool of qualified and experienced social workers and therapists who specialise in providing therapeutic interventions on an individual needs basis, and who can also offer a consultation service and training to other professionals and agencies.

On receipt of a referral, we match a social worker or therapist with the child and they will provide a package of support individually tailored to meet the child's needs.

All our social workers and therapists are DBS checked. They receive training, regular and reflective clinical and case work supervision and an annual performance appraisal.

Continuing professional development is embedded into their practice, and informed by service user feedback and regular case audits.

Where We Work

Family Action provides Children's Therapeutic Services on a spot purchase basis.

These services currently cover Leicestershire, Nottinghamshire, Birmingham, Coventry, Warwickshire and Derby.
