Family Action can deliver a wide range of workshops in-house within your organisation on a day and at a time that suits you and your staff – offering convenience, cost-effectiveness and flexibility.

We can also tailor our workshops to meet the needs of your staff and their continuing professional development. Our most popular workshops include:

Panel Administrators

The focus of this workshop is on legislative requirements for panels, arranging effective panel meetings, taking minutes and quality assurance.

Strengthening Special Guardianship

This workshop aims to strengthen assessments, and highlight any extra support needs families may have.

Tools for Assessment

Family placement social workers will use a range of interactive assessment methods to engage with prospective foster carers and adopters.

Panel Chairs and Advisers

Panel Chairs and Advisers have the opportunity to review their role and discuss issues arising from their work.

Assessing Prospective Foster Carers

This workshop focuses on developing assessment plans, applying frameworks for analysis, and using tools for assessment.

Agency Decision Makers

Delegates will share best practice, consider issues relevant to the role, and try out resources to assist decision making.

We also run a variety of other workshops, such as:

- Safeguarding for Panels
- Allegations Training
- The Emotional Wellbeing of Foster Carers and Adopters

Please phone 020 3640 2303 or email tandc@family-action.org.uk to outline your requirements or to commission training to be run in-house within your organisation (eg local authority, fostering/adoption agency).
