

# Fun & games Quiz

Why not plan some games for your picnic? It's a great way to have some fun and keep all your friends and family entertained.

You might not be able to go to your local pub quiz at the moment, so why not hold your own for your family and friends?

## ▼ Decide Teams

Those who are in individual households might want to team up with other solo isolators and, in that case, they should be allowed to message each other to confer during the quiz.

## ▼ Write The Quiz

You could ask each person or household taking part to organise one round each. Make sure each round has the same amount of questions to help with marking. Why not have a picnic round!

## ▼ Get Creative

Creative rounds are always fun so why not have a Pictionary or spelling round. Or you could encourage teams to dress up and find items from around the house in a set time.

## ▼ Marking

With it being virtual, it's easier to ask people to mark their own. No cheating now!
